	United Kingdom	
	Vatican City	

* 4G roaming is available only on select networks and devices which support 4G. Varying from place to place, when daily data usage hits 1GB/500MB, data speeds will be capped at 512kbps, allowing you to continue using data roaming.

^If you are in a destination that only supports VoLTE Roaming Service (such as Macau, Japan, Singapore, Taiwan, Switzerland, Australia, USA) where there's no 2G/3G network coverage), you will need to use a VoLTE-compatible handset and enable VoLTE function on the handset to enjoy data roaming.
